Observations and Conclusion:

Analysing the questionnaire, it can be noted that the employers are highly satisfied with the curriculum and overall experience with our pass out students working with them. Almost all respondents find the adequacy of the curriculum and the skills students acquired are very much satisfactory. Our students are also equipped with soft skills like communication skill, leadership quality, punctuality and interpersonal behaviour, which are very much required for the overall enhancement of the workplace environment. This fact is being highly reflected from the feedback report from the employers. Few respondents have shown concern about the conduciveness of the syllabus for the readiness of the students towards recruitment, but this matter is mainly controlled by the university. Although the overall feedback from employers is highly satisfactory, there is always scope on further improvement of academic environment of the college.

Action taken:

- Orientation on NEP curriculum has been conducted for better comprehension of the curriculum for the students.
- Special care is given on project-based and experiential learning like field-trip, industrial visit that reflect real world challenges.
- Industry-based workshop, seminars are organized for students.
- Different extra-curricular activities like student seminar, exhibition, quiz etc are conducted regularly that helps students develop various soft skills like communication skill, punctuality, teamwork, leadership quality etc.
- Feedback from employers on the performance of graduates are collected for better understanding of college curriculum and activities. On the basis of feedback report different actions are taken.
- Students are encouraged to participate in different sports activities that keeps them physically as well as mentally fit to face real world workplace challenges.
- Jersey set has been given to Kabaddi team for achieving Championship in Inter-College tournament.
