

Department of History
Report On
Mentor-Mentee Meeting
2023-24 Session

Mentoring students (i.e., with proper documentation) by the faculties of History Department is formally started in the 2022-23 session. But the teachers of this department played the role of mentor from the joining in this College by following old customs of this department. Normally by discussing with the students with their daily life, health, financial condition and family environment, we sort out the problems of the students. After knowing their problems we tried our best to solve these. In most of the cases their problems have been solved even by providing tiffin, books, money for paying examination fees and a health check-up. But all the above activities had not been documented because we were not informed to do so.

From the session 2022-23 we started to documenting these activities as the instance of the institution. Dr. Amiya Ghose, Head of the Department, took the initiative to mentoring mentees of Semester IV and arranged three meetings— 27.3.2023, 4.5.2023 & 23.6.2023. (last meeting is under our previewed session period, please see page no. 3)

Later as per guidelines issued by college authority, responsibility of mentors were decided in the departmental meeting and after this Mentor-Mentee Meet are being recorded by each mentor in their respective register to assess the activities of the mentors in future. (For proceedings of those meeting please see pages 8 to 14 for Sem. II, 15 to 20 for Sem. IV & 21 to 29 for Sem. IV)

	Mentor	Mentee	Meeting held on
1	Prof. Nivedita Chakraborty	Semester II	26.4 & 14.6.2024
2	Prof. Asim Choudhuri	Semester IV	26.4 & 18.6.2024
3	Prof. Amiya Ghose	Semester VI	26.4, 14.5 & 18.6.2024

Detected Problems and Advices of Mentors (in short):

1) It was detected during these meet that most of the mentees have been feeling insecure about their future after completion of their B.A. Course on the ground that in West Bengal after 2016, there is no advertisement for recruitment in different departments and unemployment is an acute problem for last eight years and at the same time appointment of teachers in all level and other sectors have caused serious agony in the mind of the mentees. They also discussed others problems- regarding infrastructure of the college, transportation cost etc.

Mentees are advised not to think over about above problems at this stage, but mentees must have to complete their studies at first with all confidence and thereafter prepare themselves for competitive examinations for getting job and to enjoy college classes with attention to acquire sound knowledge in the respective subjects brushing aside all the above problems.

2) On day to day taking classes it is sometimes pointed out that girl students feel tired and mentees disclosed their health problems.

To overcome the problems of girl mentees it is suggested not to keep their belly empty for more than three hours during College days and to take at least one iron tablet and vitamin tablet and to take some food after an interval of three hours. Mentor in many cases provided with such food and vitamins as per their requirement by providing some fund from mentor's own cost and in reality in mofussil colleges mid day meal programme may be introduced by the government for avoiding malnutrition of girl mentees.

3) Examination phobia is found in respect of negligible number of mentees who generally come from poor village families. Mentor always keeps information about their deficiency and guides them personally by providing substantial support both book materials and some fund.

Mentor has formed a very close relation with all the mentees to support them mentally and physically and in reality they secured good result in every semester.

For detailed report of the mentors regarding their activities please go through next pages --

of mental and physical health in academic performance. Students were encouraged to maintain a healthy lifestyle, including regular exercise, a balanced diet and adequate sleep. The mentor also emphasized the importance of seeking help for mental health issues.

Addressing the challenge of missed lectures or topics the mentor suggested several strategies for catching up.

The mentor highlighted various online resources and websites that could support the student's learning.

Students raised several questions regarding the discussed topics, seeking further clarification and advice:

Student - Barnali Garai

Q. How can we manage stress and anxiety related to academic pressures?

Mentor suggested practicing mindfulness relaxation techniques maintaining a balance study schedule and reaching out to ~~peers~~ friends.

Student: Sambit Chowdhury

Q. What are the ~~to~~ best ways to stay updated with missed topics without falling behind?

The mentor recommended forming study groups (in whatsapp), regularly ~~see~~ reviewing class notes etc.

Student: Aritna De

Q. Are there any specific online resources for history students that you would recommend?

Mentor provided list of useful websites, including T.V. shows and You Tube channels.

Mentor's Suggestions:

- 1) Health and Well-being
- 2) Regular Check-in
- 3) Resource Sharing

(2)

The meeting concluded with students expressing their gratitude for the mentor's guidance and support. The session effectively addressed key concerns related to health, mixed topics and available resources. ~~Amiya~~

A) Details of Mentoring: Conducting meetings & discussed with the students about their problems & experience during semester courses on offline mode. *Moumita Chakrabarty*
26/4/24

B) Main topics covered: 1) Personal problems & health issues; 2) Missed topics management & utility of tutorials & educational websites to supplement the study; 3) proper use of the library resources.

C) 15% of students are suffering from health problems & many of them can not manage their bus fare to attend the classes as they are financially poor. With topic managements are necessary.

D) Suggestions: (i) Communicate with teachers & classmates for recorded lectures; (ii) Allocate extra time to cover missed topics; (iii) Use online lectures, tutorials & educational websites to supplement their learning.

E) Follow up: I have tried my best but sometimes external factors influence the student's schedule which they can not ignore.

Mentor's Report 2023-24

Name of the Mentor: DR. ASIM CHAUDHURI, Dept. of History
B.A. semester - IV Honours

Number of meeting held during the session: 02

Number of Mentees: 25

Date of meeting 26/09/2024	Issues Discussed	Suggestions
	1) Availability of study materials in the college library	1) They have been provided books and study materials from mentor's personal copy as there is a restriction in the number of books available from college library.
	2) Progress of study	2) Attendance of some mentee was irregular due to family events to make up the gap in study. Mentor decided to arrange additional classes through online and offline mode.
	3) Social and family pressure for early marriage	3) It is the common situation in all over Indian village people. Some girl students were advised to talk to their parents and convey their decision to self-dependant before getting marriage.

Mentor's Report 2023-2024

Name of the Mentor: Dr. Amiya Kumar Ghosh, Dept. of History
 BA (Hons.) Semester- VI, Department of History
 Number of Meeting held during the Semester: 3

Components	Mentoring Meeting Details
Date	26/04/24
Time	12.00 - 1.00 pm
Place	Room No-106
Semester	VI
No of Students	22
Details of Mentoring	Conducting meeting and discussed with the students about their problems and experience during BA Hons course on this College campus.

Main Topics Covered	Examination Related issues - Exam Day Strategies, Day of the Exam What specific steps should they takes on the day of the exam to minimize anxiety? How can they handle unexpected stressors or panic attacks during the exam?
Problems Identified	Students asked different questions about the above-mentioned topics.
Suggestions	<p>Waking up Early- Many students feel that sleeping longer will help them to concentrate in the examination hall. This is a wrong idea. Waking up early in the morning will keep the students ahead of their time, and they can complete their breakfast, check their belongings, and do last time revisions.</p> <p>Checking the Venue and Reaching the Time- Just like answering the questions correctly, it is also essential to reach the venue on time. If someone rushes in to find the venue and arrives late, it will impact the examination. So checking the venue beforehand and arranging a ride to the examination hall is necessary.</p> <p>Go to the Toilet Before the Exam Starts- It is essential to be prepared before you start with the exam. going to the toilet and drinking water should be completed before the exam begins. Going to the bathroom within an hour may not be allowed in the exam hall.</p> <p>Read the Question Paper- Before frantically starting with the writing, it is essential to read the question paper thoroughly. Checking the question paper will give a fair idea about everything the examinee needs to complete within the time frame. Moreover, checking the question paper also helps the student to get an idea about the questions they want to attempt in the first hour. This</p>
	<p>is one of the essential tips for exam day that students tend to forget.</p> <p>Writing Down the Names and Filling the Answer Sheet Correctly- Before starting with the answers, students are required to write their names, roll numbers and all the other necessary information needed by the school or the board conducting the examination. Unfortunately, many students tend to put wrong information that causes a lot of trouble for both the students and the examiners. So, the students should pay attention and complete the information correctly.</p>
Follow up	<p>Online follow up (WhatsApp chat and over phone) strategies:</p> <ol style="list-style-type: none"> 1. Review: Briefly go over key concepts. 2. Emphasize Positivity: Highlight strengths. 3. Logistics: Ensure the student knows exam details. 4. Healthy Habits: Remind about sleep, food, and hydration. 5. Strategy Reminder: Recap effective strategies.

Details of Mentoring	Conducting meeting and discussed with the students about their problems and experience during sixth semester courses on offline/online mode.

Main Topics Covered	Exam. Phobia - Physical Symptoms, Mental and Emotional Symptoms, Behavioural Symptoms, Strategies for Managing Anxiety
Problems Identified	<ol style="list-style-type: none"> 1. What exactly is exam phobia, and how can I recognize if I have it? 2. What are the common causes of exam phobia? 3. How do you differentiate between normal exam stress and exam phobia?
Suggestions (by Mentor)	<p>Scientifically, examination phobia is a result of anxiety and is often termed as test anxiety. Test anxiety is a type of anxiety that can affect a test taker before, during, or after a test. It is an issue that many students deal with at one time or another and at times can hamper their performance badly.</p> <p>Some ways to overcome exam phobia:</p> <ul style="list-style-type: none"> •Practice deep breathing regularly. •Meditate for 10-15 minutes every day to calm your mind and improve your concentration. •Practice positive self-talk whenever you feel anxiety creeping up your spine. •Go through previous years' question papers. •Take some break by listening to music or talking to friends. •Get good sleep and do some exercise daily to keep yourself fit and fine. •Consult a psychologist or therapist if your anxiety becomes uncontrollable.
Follow up	Online guidance has become very useful for taking additional information and guidance. Distribution among mentees "Do or Don't" list for in hand information..

Details of Meeting	Conducting meeting and discussed with the students about their problems and experience during interviews for job sector.

Main Topics Covered	prepare for common interview questions, what are some effective strategies for practicing interview skills, resources, or tools for mock interview
Problems Identified	<p>Mentees are raised the following questions:</p> <ol style="list-style-type: none"> 1. I get very nervous before and during interviews. How can I manage my anxiety? 2. What are some techniques to stay calm and focused during an interview? 3. How can I build confidence in my interview skills? 4. How can I effectively highlight my strengths and experiences during the interview? 5. What are some tips for maintaining good body language and eye contact during the interview?
Suggestions	<ol style="list-style-type: none"> 1. Identify Common Questions: Look up common interview questions for your role. These often include "Tell me about yourself," "What are your strengths and weaknesses?" 2. Prepare Your Answers: Write down your responses to these questions. Make sure your answers are concise and highlight your skills, experiences, and achievements. 3. Use the STAR Method: For behavioral questions, structure your answers using the STAR method (Situation, Task, Action, Result). This helps you provide clear and comprehensive responses. 4. Practice Aloud: Rehearse your answers out loud. This will help you become more comfortable with your responses and improve your delivery. 5. Seek Feedback: Ask friends, family, or mentors to listen to your answers and provide constructive feedback.
	<ol style="list-style-type: none"> 6. Maintain Eye Contact: Maintaining eye contact shows confidence and helps you stay engaged with the interviewer. If you're nervous, try looking at the interviewer's forehead or between their eyes.
Follow up	When a mentee asks about me common interview challenges, I have followed up effectively by addressing the concerns in a structured and supportive manner. I have told my mentees "Feel free to reach out to me anytime you have an upcoming interview or if you face any specific challenges. I'm here to help you succeed."

Mentor-Mentee Report

Session 2023-24

SEM-I/II: Meeting date 12.08.2023, Vanue: H-NR1 Classroom.

Issues raised: (i) Subject combination in CCFUP (NEP-2020) and curriculum framework.

(ii) Some students expressed their problem to attain the classes regularly.

(iii) Some students want to know about different type of scholarship in the college.

(iv) Some students want to know for taking minor and ID/MD courses.

Discussion: Most of the newly admitted students were not fully aware of the CCFUP under NEP 2020. Faculty members (Mentors) have discussed thoroughly about the syllabus of CCFUP and evaluation process of the courses. Mentors have discussed about the benefit for studying mathematics as Major subject. It is also discussed to take minor subjects and ID/MD subjects for the benefits in higher studies. For attending classes regularly and to continue the study properly students are advised to stay at hotels or mess. Mentors also suggest to follow some text books and reference book for SEM-I courses. It is also discussed thoroughly about different types of scholarship given to the students, which helps most of the students to continue their higher study.

Student mentoring is important and necessary to resolve academic problems and other issues. These meetings were done on off-line mode. Besides that, outside of the class hours students also interact with us through telephonic conversations. Meetings were arranged to discuss over and resolve issues raised by the students.

Issues raised:

- Detail understanding of CBCS and CCFUP system under NEP-2020 regulation and curriculum
- Queries regarding pattern of internal assessment and evaluation
- Preparation for Practical examinations
- Concern regarding delay in semester end examinations
- Personal issue of Parna, Kobita and Arpita

Action taken report:

- Mentees were made to understand about detail framework of the CBCS and CCFUP system under NEP-2020 regulation and their curriculum and evaluation method during the semester.
- List of reference books and study materials were provided to them to help with teaching-learning processes.
- Mentees became oriented about uses of laboratory facilities and their maintenances.
- Interactions were done with parents of mentees having poor attendance. Discussions were done to find out the reason behind and to improve their attendance.
- Mentees were educated about the mechanism of evaluation system. After completion of internal assessment interactions were made with the students along with the assessed answer scripts and all doubts were cleared for their future study plan.
- Due to some issues Semester end examinations of Sem I was delayed, which raises concern amongst the mentees. As a mentor we tried to my best to solve their concerns and guided them to improve their learnings.
- One of the mentees, Kabita is suffering from tensed situation. Her family economic conditions were poor and she did not connect with her study materials and unable to communicate with teachers due to English medium barrier. Thus, she could not be able to appear for both theory and practical examinations. Over telephonic conversation we could only able to make contact with her and give her some easy steps to solve these problems.

Mentoring is a very difficult job and from our side we have tried my best to solve all the issues raised by the mentees. Not only through the meetings, but also during each and every class and whenever we were able to communicate with the students.
